2.5mm Male to FEMALE cable for specialized "small end" devices. The smaller 2.5 mm size is used more often to connect headsets to things like landline phones, lightweight two-way radios and video cameras. 2.5mm plugs are noticeably smaller than a standard headphone plug which is 3.5mm (or 1/8inch). The 2.5mm jack is typically used on many home phones that have a headset jack, some office phones, and the Xbox 360 controller headset jack. This cable may ALSO be used on certain camera equipment that supports the 2.5mm TRS LANC connector to extend an existing LANC cable.

- Black PVC Jacket
- 2.5mm Male To Female
- Nickel Plated Connectors
- Outer Diameter of Cable: 3.0 mm
- Outer Diameter of PVC MALE Molded End: 7.5mm
- Outer Diameter of PVC FEMALE Molded End: 8.5mm

CAUTION: A **2.5mm** end is MUCH SMALLER than a more standardized **3.5mm** end. Check your device for correct size
