IMPORTANT NOTE: USB 3.2 Gen 1 terminology defines certain data speeds and specifications that a USB 3 cable adheres to. Many of our USB 3.2 Gen 1/Gen 2 cables have physical markings on the cable raw material that only state "USB 3". The cable assembly itself has met and certified to meet **USB 3.2 Gen1** specifications based on the product title description.

This low profile, short-body tiny small USB Type C FEMALE to USB3.0 Type A Male Adapter can do big things and save you time when it comes to quickly transfer files, pictures, videos and music between your phone or tablet to your laptop, computer , flash drive or even a massive storage external HDD. The attractive red aluminum shell allows for protection and durability
