Connect your newer iPhone (TM) or Android Phone or other device that supports Quick Charging using the USB PD (Power Delivery) standard. This charging block should charge your compatible iPhone(TM) device up to 50 percent in about 30 minutes. Charging times may differ depending if your phone is left "on" during the charge cycle, or the state of your battery. The USB-C port is suitable for fast charging of newer Apple products. The USB-A port supports the QUICK CHARGE method found in most newer ANDROID phones.

Specifications:

- Volts/Amps/Watts Supported Type-C Port: 5V 4A 18W, 9V 2.22A 18W, 12V 1.66A 18W
