Many of today's newer televisions are "smart-TVs" with built-in media streaming capability such as Netflix(TM), Amazon Video(TM), YouTube(TM), etc. This HDMI Audio Return Channel Adapter can transmit audio from TV's ARC output functionality to toslink SPDIF optical, RCA spdif coaxial, OR left/right RCA analog. This capability ONLY exists if the TV has an HDMI ARC output. This is also useful if you are connecting your TV to an off-air antenna and wish to capture digital audio to your sound bar or home theatre receiver. 1A/5V Power supply NOT included (required) - or plug into any available USB port that can provide power.

Features and Specifications:

- Support SPDIF output
- Support COAXIAL output (SPDIF 5 Channel)
- Support 2xRCA Stereo output
- Support 3.5mm stereo headphone output (with adapter)
- Support switch noise reduction
- Support automatic signal mute function
- Support transmission of 192KHz audio sampling rate
- Optical fiber (SPDIF) coaxial interface supports 5.1 channel transmission
- Approx Dimensions: 81.5x58.5x21.5mm
- Product Weight: 88g
- USB Cable included
- 1A/5V Power supply NOT included (required)
