| # Positions: | 8p8c (RJ45, Ethernet) | Shielding: | Shielded |
| Convert From/To: | | Type: | Round Cable |

Perfect solution to extend your existing ethernet connection to reach a router or video steaming device. In addition, this cable protects the computer network port from constant wear and tear. Provides a spare network patch cable for testing or temporary connections in a conference room or classroom. Leave an extension cable in place in hard to reach areas. Up to 550 MHz of bandwidth, this extension solution guarantees high-speed data transfer for server applications, cloud computing, video surveillance, and online high definition video streaming. The RJ45 extension cable connects universally with LAN network components such as PCs, computer servers, printers, routers, switch boxes, network media players, NAS, VoIP phones, PoE devices, Hub, DSL, xBox, PS2, PS3 etc.

Specifications

- RJ-45 Male to Female Connector
- CAT6 shielded cable AND connectors meet 1Gbps standards
- 24AWG 8 wire standard twisted pairs
- Durable female connector shell to protect any connected cables
- Gold plated male and female connectors
