Feed through keystone inserts are any easy way to pass a coax cable through a wall plate, decora insert, surface mount box, or patch panel. Simply feed the coax cable through the feed though module and snap it in to your face plate for a clean and professional looking install. The hexagon shape opening is also a common size for some panel mount connectors.

Features and Specifications:

- Color: White
- Keystone, Snap in
- Hex Diameter: 11mm
- Diameter opening 0.32 inches / 8.5mm
- Pass a coax cable cleanly through a faceplate
