High quality, gold plated rear entry, screw lock, pin connectors. If you have spring clip terminals on your amp, receiver or speakers, the cleanest way to terminate your speaker wires are with pin connectors. These sturdy plugs look nice and provide a solid contact. Supports 18 to 12AWG stranded speaker wire. To install, unscrew base of speaker plug, insert the wire throught the base, and flare approx 1/4 inch of the stranded speaker wire back over the base. Then re-screw back into the main unit.

**Specifications and Details**

- Prevents cross termination
- Grooved pins to prevent slip
- Can accept 18 to 12 AWG speaker wires.
- Color coded black/red rings for maintaining proper polarity.
- Secure, positive contact with binding posts.
- Corrosion resistant, 24K gold plated finish
- EACH ORDER IS A PAIR (2 PLUGS)
