Connect your Macbook, or other Mini DisplayPort equipped computer, directly to your HDMI equipped display with this Mini DisplayPort to HDMI cable. This cable connects to a Mini DisplayPort connector, as found on many Mac computers and PC video cards. With the necessary electronics built into the cable itself, this cable provides a simple, elegant solution to your video connectivity needs. The cable fully supports all features included in the DisplayPort 1.2 specification, including support for audio for appropriately equipped computers.

Specifications and Features:

- Provides both digital video & audio in one cable
- Up to 4Kx2K@30Hz resolution with digital audio
- Cable Outer Diameter (OD): 5.0mm
- Gold plated connectors
- Black ABS Shells for both HDMI and Mini DP connectors
- RoHS 3 Compliant
- 32AWG Cable Gauge

This cable will ONLY work when connecting the MINI DISPLAY PORT end to the video SOURCE, and the HDMI end to the DISPLAY. It will NOT work in reverse
